

19th Aug 2024

Dear Supply Chain Partner,

Greetings from L&T Heavy Engineering!

We hope that you had good financial year amidst global challenges. Your continued cooperation during FY-24 has been exceptional for our business continuity. We are confident that together we will find out ways to improve competitiveness, encourage new developments and increase our business volumes.

Keeping pace with new technologies, L&T Heavy Engineering is going digital in all aspects of its value chain. We solicit your collaboration in promoting digital initiatives. As a part of our digitisation journey, Supplier Performance is now being captured for every consignment on parameters of Quality, Delivery, Document discipline and Response on our homegrown **"Integrated Vendor Assessment & Performance Monitoring System"**. This system has enabled us to monitor supplier performance objectively on real time basis and provide concurrent/ timely feedback, thereby improving Quality, Reliability and Competitiveness.

We feel it is important to recognise and honour business partners whose contribution have been pivotal in fuelling growth of L&T Heavy Engineering.

We are happy to announce the winners of the **"Supplier Performance Awards"** for FY-24.

Category: **Forgings (<50MT)**

Winner: **CHW Forge, India**

Congratulations and best wishes for a successful FY-25!

We look forward to your continued support.

Regards,

Prashant R Dave

Head – SCM, L&T Heavy Engineering IC
